NOT JUST WIRELESS. AKG® WIRELESS.

AKG® K 830 BT headphones pair with your iPod, iPhone or other *Bluetooth* portable player, streaming your favorite music to your ears without the hassle of wires. All the controls you'll need to raise and lower volume, answer and end phone calls, and play, pause or skip music tracks are right on the ear cup, so you'll be able to leave your source device safely in your pocket, backpack or briefcase much of the time. A directional microphone, also on the ear cup, eliminates the need for a boom mic. With a proprietary 3D-Axis² folding headband, and up to eight hours of playback time between charges, you'll want to take your K 830 BTs with you wherever you go.
