

# K518

**AKG**  
by HARMAN

High-performance, closed-back DJ headphones,  
in 4 new finishes

neon green

neon blue

neon yellow

neon red

## Made with fun for pros by pros

Versatile in both looks and performance, the AKG® K518 headphones give professional DJs and amateurs a stylish way to mix their beats, whether in the studio or at the club. Available in 4 new colors, these headphones are small enough to fit in your pocket, but they deliver big, rich sound that isolates your audio from busy noise in any venue. Their unique 3D-Axis folding mechanism allows you to fold them up and take them anywhere. While they're built rugged (ideal for on-the-go DJs), they also come with a carrying pouch that helps ensure their safety no matter where you roam.
