

# K181 DJ UE

REFERENCE CLASS DJ HEADPHONES – ULTIMATE EDITION

## HIGHLIGHTS

- » **Bass boost switch**  
to emphasize low frequencies in loud working conditions
- » **Detachable coiled cable**  
gives freedom to move in the DJ booth
- » **Mono/Stereo switch**  
for optimum single ear monitoring
- » **3D-Axis folding mechanism**  
for easy transport and storage in your record or laptop bag
- » **Lightweight construction**  
enables multiple mixing positions

## APPLICATION

- » **Professional DJ use**

## ADJUSTABLE SOUND – UNIVERSAL FIT

Developed based on input from professional DJs, the K181 DJ UE provides all the features needed for those who own the crowd at the club. Closed back design and a sturdy 50 mm transducer deliver enough power to withstand even the strongest PA speakers, especially for PFL (pre-fader-listening). Depending on your working conditions the bass boost will help you catch the beat and the coiled cable gives you freedom to move around without having to worry about stepping on the cable. The small packing size makes it the perfect companion for your LP case or laptop bag.

## KEY SPECIFICATIONS
